**NEW AUTO LICENSE LAW TO BE TESTED**

Truck Owners of Campbell and Kenton Counties Organize to Test the New State Automobile Tax Law.

Court action to test the validity of the automobile license law will be begun immediately, members of the newly-formed Truck Owners' Protective League announced yesterday. The league was formed on last Friday night in Covington by truck owners of Campbell and Kenton counties who protested vigorously against the high license rate which they are compelled to pay for trucks in 1921.

Among arguments advanced by the members is that the law is excessive and that the license charge for pleasure cars has not by a large percentage increased in proportion to the cost of truck licenses. Another member said that licenses for trucks in Ohio is so much lower than in Kentucky that it makes competition between firms on this side of the river and on the other side unfair. Some owners went so far as to say that if the law is held valid they will have to abandon their machines.

Members of the organization from Newport are Frank Adler, Pittsburg & Kanawha Coal Company, Newport Coal Company, W. J. Baker & Co., John Konz, Eugene Ernst, Feldman Milk and Cream Company and Otto Hafele.

**PLEASED WITH HOSPITAL.**

Hayswood Hospital, Maysville, Ky., December 21, 1920.

To whom it may concern:

Having been a patient here for forty-six days I feel that I owe it to the public as well as to the courteous, sympathetic and efficient treatment that I have received.

Miss Cochran's administrative ability gives system and order everywhere. At the ring of the little bell that lies beside each patient, the lovely nurses come bounding like "The wild gazelle with his silvery feet" and every wish is granted.

The doctors in their watchful waiting have been careful to prevent any avoidable pain.

The menus comprise every substantial and delicacy found in the Maysville market. This is my first hospital experience but I can not conceive how conditions could be improved.

"Grandpa's Christmas Trials," "Mrs. Santa Claus' Poor Father," and "It's Coming."

**CITY'S ONLY PRISONER PARDONED FOR CHRISTMAS.**

The City Board of Pardons in session yesterday issued a pardon to Pete Wiley, colored, the only prisoner the city now has confined in the county jail under sentence. It will be remembered that Wiley was sentenced to thirty days at hard labor for having stolen clothes from clothes lines in the West End. He has served twenty days of his sentence and on recommendation of the city court he was pardoned to spend the Christmas holidays at home with his family.

While the majority of folks are hunting trouble—stewing over imaginary hard times, the big Square Deal Store is "dolling" up in a manner most "Christmasy," and finds business "just as usual," thank you. Drop in, and get the habit. You're always welcome.

**DIVERS BEGIN WORK AT RAISING SUNKEN MARGARET**

Second Body Is Recovered From the Wreck—Steamboat Men Criticize Government Severely.

Augusta, Ky., Dec. 21. — Edward Moore, Ludlow, Ky., and Thomas McGuffey, Point Pleasant, W. Va., divers, placed chains about the sunken wreck of the U. S. towboat Margaret in the Ohio River about three miles below Augusta today, preparatory to raising the steamer which carried eleven persons to death when it went down Saturday night.

Two bodies had been recovered today. That of Thomas Sellers, 30, Augusta, found late yesterday near the submerged craft, was removed to his home.

Hill Post, American Legion, of which Sellers, an overseas veteran, was a member, will have charge of the funeral tomorrow.

Lewellen Hiles, 38, Augusta, was buried today at Johnsville, Ky., his former home.

Clinton Harris, commander of the government river fleet, who is in charge of raising the steamer, said today it may be two or three days before dredges can bring the hulk to the surface.

Though a coroner's jury which viewed Sellers' body returned a second verdict of neglect on the part of Captain George J. Hart, 61, who went down with his steamer, Mrs. Hart asserted today he was not to blame.

"My husband was compelled to work the packet in heavy winds, which strained the boat and caused seams to open," she said. "He was not responsible for the disaster."

Major H. V. Pittman, in charge of construction of Dam 34, whose wife and daughters were drowned, went to the scene of the tragedy today to assist in the search for their bodies.

The fact that the government ignores entirely, so far as its own boats are concerned, safeguards it throws about commercially owned vessels was responsible primarily for the Margaret's sinking, according to the steamerboat men.

Government boats are not liable to inspection laws, Captain John Abraham, Louisville steamerboat inspector, says, according to a Louisville dispatch.

Abraham said the Margaret was docked last March and he inspected it at request of government officials. The boat at that time was in good condition, he said.

**SPECULATORS BUYING BURLEY AT 20c AND 25c**

Reports From Over the district Show That "Pinhookers" are Rather Active Just Now.

Lexington, Ky., Dec. 21. — Prices of from 20 to 25 cents a pound for better grades of burley tobacco in several Blue grass counties is being paid by "speculators" and "pinhookers," John W. Newman, head of the Burley Tobacco Growers' Association announced today. Mr. Newman said he had received this information from reliable sources.

A final mass meeting of the Blue-grass tobacco growers before the opening of the Lexington market will be held in the court house Thursday.

General officers and county chairmen of the Burley Tobacco Growers' Association will hold a conference in Lexington January 3 to receive a final report of the day's sales to decide whether the crop would be held off of the market.

The market opens the morning of January 3. The Farmers' Union of Fayette county has asked the burley association to communicate with the "Big Four" manufacturers and request them to suggest a solution to the present tobacco situation.

**CONSOLIDATION IS THE KEY TO RURAL SCHOOL PROBLEM**

Says Prof. J. Virgil Chapman, State Supervisor of Rural School in Kentucky.

J. Virgil Chapman, state supervisor of rural schools, is pleased with the growth of sentiment for consolidation of rural schools in Kentucky. "While our average citizen, if we can really define an average citizen, is somewhat backward in adopting new methods, he certainly goes like sixty when he does start," says this student of rural problems in advocating consolidation as the key to their solution. He points out that while the state has been tardy in comparison with many states, both North and South, in thus improving their county schools, there are now at least a score of counties with typical consolidated schools. These are demonstrating their superiority to those of the smaller type, with one teacher vainly trying to teach forty or fifty students of eight grades and with about nine minutes for a recitation.

At least fifty more motor vehicles are now in use than there were two years ago. One of these usually does the work of two horse-drawn vehicles, Mr. Chapman says.

Mr. Chapman has devoted much time to the study of consolidated schools in this and other states. He realizes that in many sections, because of bad roads, rivers and mountains, consolidation on any large scale is not feasible, but he sees no valid argument against it wherever the pikes are in good condition and the value of property adequate to support such a system.

Mr. Chapman recently inaugurated movements for consolidation of Logan and Bracken counties. He has just returned from Owen county and expects to leave Monday for Owensboro to assist in the consolidation of several rural schools in Daviess county.

**ASSESSOR FILES FIGURES ON NEW YEAR'S TAX BASIS**

County Tax Commissioner Brady Files Report With County Clerk—Tobacco Exemption Will Greatly Reduce Totals.

County Tax Commissioner Brady today filed with County Clerk James Owens a recapitulation of the assessment for the next year. The total subject to taxation for county and state purposes is given as \$24,659,585. Last year the first report showed a total of \$24,249,231. It will be seen that there is a considerable increase over last year's first figures but when it is considered that about \$3,000,000 is to come from this year's figures as tobacco exemptions, it will be seen that this year's assessment will be much smaller than last year's. The County Board of Equalization will likely increase these figures considerably however.

Interesting figures gleaned from the Tax Commissioner's report follow: Number dogs listed in county, 1067. Number polls listed, 2,523. Value of livestock and poultry, \$919,965.

Number town lots, 3,032. Value with improvements, \$4,378,185. Number mules, 760; hogs and pigs, 13,111; geldings, mares and colts, 3,993; common cattle, 9,020; registered cattle, 296.

Value of jewelry, \$10,860. Number motor trucks, 28; number automobiles, 728. Number acres of land in county, 147,870.

There was \$130 worth of liquor listed for taxation.

## OUR POLICY

And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

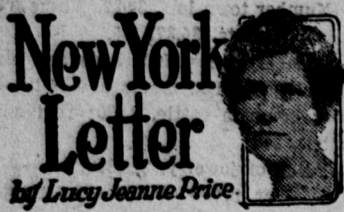

## OUR INVISIBLE CHRISTMAS GUEST.

The world has always regarded with peculiar horror the crime of Herod in commanding the slaughter of the innocent children of Bethlehem and the vicinity in order that the child Jesus might not escape him. Herod slew a few hundred and his name has become forever odious.

Millions are doomed to starvation in Central and Eastern Europe unless we stretch forth the hand of mercy in time. The Great War, of which they are the innocent victims, was a crime of which the world was guilty. All nations must share in the responsibility. Human relationships and human intercourse are too intimate to permit any of us to escape something of the onus.

In the same way we must all bear our portion of the load which the aftermath of the conflict entails upon this generation. We must, if we would meet the demands of justice, rescue the children, above all, who have had no connection with the tragedy except to reap its bitterest fruit.

Herbert Hoover, whose great heart and brain are organizing this supreme effort in philanthropy, asks each of us to have one little child as the "invisible guest" at our Christmas table.

New York.—A traffic cop has queer-er things to look at some times than new styles in cars and clothes. "We had a blockade at Fifth and Forty-second the other day," said one of the multitude of cops stationed there, "which tied things up for half an hour. What d'ya suppose it was about? A girl stood pounding something against the curb. Everybody began crowding around her. I broke through and saw she has busted open her package and was breakin' a lot of mirrors on the sidewalk. One by one. 'What's all this about?' I asks. 'Oh, mister officer,' she says. 'I broke a mirror a while ago and if I don't break seven more right quick I'll have seven years bad luck. And now, please, won't you help me get out of this crowd?'"

Everyone interested in New York Society is reading Edith Wharton's new novel "The Age of Innocence," D. Appleton & Company. The word has gone around that this picture of New York's Four Hundred is the most truthful there has yet been and all New York Society is busy deciding exactly what society leaders are portrayed in its pages. Such characters as Sillerton Jackson, Louisa Van Der Leyden and Mrs. Manson Mingott are arousing animated discussion. It isn't every day that society is written about by one of its own number and in "The Age of Innocence," Mrs. Wharton has written a novel that is entertaining all New York. The truth of William Lyon Phillips' words concerning "The Age of Innocence" is being clearly recognized—"New York Society and customs are described with an accuracy that is almost uncanny."

Whatever it may have done to the happy homes which never used to know the odor of fermenting yeast, prohibition has certainly been a good thing for the stage, say theatrical people on Broadway. Fred Stone, who never posed as a leader of the pro's declares that dollars are pouring into the theaters so that the coin itself can hardly find housework, much less the waiting line of the plays. "And it's prohibition that's done it," says Fred. "No matter how 'sociable' you may insist you are, you don't sit around all evening drinking plain seltzer. Therefore it's the show that gets you."

The Smiths have regained their lead in the New York directory. They were only runners up to the Cohens last issue. But in the new book they've taken 52 columns as against 48 for their rivals. They are trying to find a place to fly the pennant.

One of the bonded mail sacks from off the Aquitania disturbed the long-shoremen unloading it the other night when it began to move. They couldn't have opened it even if they'd dared, because it is a felony to open bonded mail unless you are an authorized official. So a courageous band took it to the Grand Central Post Office and it was found to have been small ten days earlier in Manchester, Eng. With due attention to rules it was opened and a little six months old kitten crawled forth too weak to "meow." But its appetite was un-

impaired.

The war certainly did a lot toward enhancing the beauty of the feminine world. And the enhancers are hard at work at it here in these pre-holiday weeks. The war? Oh, certainly. That it was which taught the science of making over faces. And now some of the surgeons who learned it and practiced it there are giving Venus the prowess they learned from Mars. Eyelids snipped and widened, cheeks smoothed—all sorts of things are being done to New Yorkers' faces. And they justify any seeming vanity in it on the ground of "Why the idea! It's just what our boys had done in France."

Nobody in New York has her finger on the public pulse, to use the words of our leading journalists, so closely as does Mrs. Georgiana Carhart, who sits at the window of the little information bureau on West Forty-second street near the library. For Mrs. Carhart knows what things the public wants to know. And that tells one about as much as anything can. "Can you tell me about the night boats?" "What's name of a good preacher?" "Where can I buy turkeys and know they don't come from cold storage?" "Where can I get a job?" "Is there a two dollar hotel in town?" These are the actual questions she was asked—and answered—during thirteen minutes while I stood and listened the other day.

## THINGS POLITICAL.

Although the county elections are almost a year off there has been quite a little flurry among the local Democrats during the past two weeks and indications from this far off point are that there will be quite a nice little fight in the Democratic county primary in August, 1921.

Charles Slack, the popular Market street barber, was the first to toss his hat into the ring and he is going after the big money in the sheriff's office. Charles is a most popular young man and the man who wins the Democratic nomination for this office will have to reckon with the ballot marks made by his hundreds of friends in all parts of the county.

Mr. William Downing, a former resident of Maysville but now residing in Lewisburg, his old home precinct, also says he wants to carry the banner of Democracy in the sheriff's race and he too is a strong man who will make a formidable campaign.

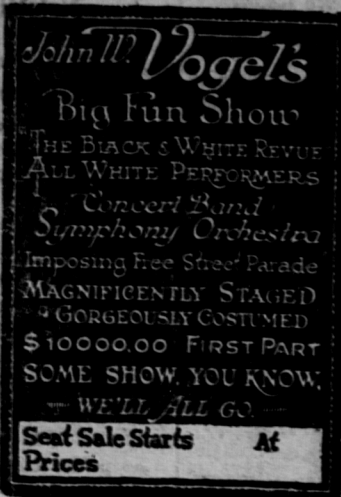

There are at least three or four others who are making a still hunt to ascertain the feeling of the public in regard to this office and if all reports are true there are going to be plenty of candidates for the various other offices to be filled by the people of Mason county next November. Although everyone seems to be getting an early start, it is calculated that no "pep" will be lost but that momentum will be gained as the fight progresses.

The city fight in November also promises to be something worth while and in this too, there promises to be many hands in the game. While in the county fight there have been two pub-

are yet under cover. This does not stop the talk of the street, however, and several candidates for the various city offices are being discussed and "cussed" on the street corners and wherever people gather.

Politics which in the past has been a discussion for the street corners, corner groceries, clubs, etc., promise to become the topic of the parlor and the drawing room this year. The women are taking an interest in their new part in the affairs of the nation state, county, city and precinct and the are going to talk about it with their friends and family.

Although the salary is only \$36 per year, the office of councilman has always been rather alluring to some and an election in which the councilmen are chosen always proves a most interesting one. This November Maysville again selects its twelve councilmen, two from each ward. Announcements for this office usually are the first to be made in a city election and the ears of the politicians are close to the ground to hear of the race of certain individuals for councilmen. Already there are some being talked of but so far as we know there has been none to announce themselves.

THE MOST REFRESHING DRINK IN THE WORLD BOTTLED

Winchester, Ky., Dec. 20. — Friends here received word Saturday of the death in Phoenix, Ariz., of George W. Biehn, former owner of the Winchester Democrat.

The news came in a telegram to Mark Donovan, who was a partner with Mr. Biehn in the newspaper business.

The death of Mr. Biehn was unexpected as last word from him was that he was in good health.

Mr. Biehn was born in Ripley, Ohio, in 1857, and in 1887 came to Winchester. In 1890 he and Mr. Donovan purchased the Winchester Democrat. The paper was sold twenty years later to Colonel Tim Needham and Charles S. Nelson.

## Progress and Efficiency

We are anxious for the business and accounts of all, but we do not want you to think of us simply as a place to deposit your money. It is our aim to give to our customers the most correct, helpful, prompt, progressive, efficient and up-to-date service possible.

The leading Banks of the country have adopted the plan of supplying their customers with statements and this new plan seems to be working much more satisfactorily than the old system. Under the old system, a customer must leave his book to be balanced, which requires time and makes it impossible to immediately re-deliver it to them. Under the new system there will be waiting until tomorrow or next week before getting a full statement of your account. It, together with all your cancelled checks, will be ready for you any time you call. This means an additional convenience and saving of time to you.

We will continue to issue pass books to all depositors and keep the accounts of those who wish same in the old way, our sole object being to serve our customers to their best interests and in the way they wish us to.

## FAKE HOLD-UP, SAY

POLICE; TWO MEN HELD.

Covington, Dec. 20.—Judge L. L. Morgan ordered the case of Edward Morgan, 30 years old, clerk at a grocery, who was charged with grand larceny, to be continued. Morgan reported to police that he had been held

up by three men and robbed of \$168 which he said were the receipts of the day at the store. Morgan was arrested after he had admitted, police say, that he had not been held up and robbed. This version was substantiated when Joseph C. Dennis, 17 years old, formerly of Germantown, Ky., Morgan's brother-in-law, was arrested at the

Stag hotel, Cincinnati. Forty dollars, a new overcoat, a new suit and a wrist watch were found by detectives. According to Dennis the two obtained the money, gave \$15 to Morgan's wife and hid the remainder. Morgan was released on bond of \$2,000.

Buy in Maysville. It pays

Rod Cross Christmas seals, as the grand finale of the campaign for the sale of Tuberculosis Christmas seals will be sold in Maysville this week in booths. There will be booths at the three banks, the Central Hotel and the postoffice.

Those in charge of the booths will be Mrs. John Clarke, Jr., Misses Ellen

Cochran, Annabel Hall, Miguera Stockton, Martha Green Sharp, Rebecca Claybrooke, and Mrs. Win. Ford. Reports from the county and the public schools in the sale of seals have not all been turned in but it is hoped, in view of the great need, that the fund this year will be a substantial amount for the tuberculosis fund.

## LAWYER CHARGED WITH FRAUD BY BAR ASSOCIATION.

Seattle, Wash. — New accusations flung at George Olson, clubman and attorney, seeking to disbar him from practicing law, we said by Olson to be "serious if not ridiculous."

A new bill of complaint drawn by the grievance committee of the Seattle Bar association charges Olson with defrauding Mrs. Eugenia Anderson of Tolo, Kitsap county, out of a twenty acre tract of real estate left her by her father, Hans Bergman, who died in 1912.

Without solicitation on her part, Olson is said to have acted as her attorney in probating the estate, with the result that he has wrested the property from her and left her destitute.

With her three minor children, aged 1, 4, and 6 years, respectively, Mrs. Anderson is said to be living in a one room shack on the property her father bequeathed her, dependent wholly upon a \$30 monthly charity allowance from Kitsap county.

Mr. A. G. Sulser, of this city, has been named official inspector of the chapters of Royal Arch Masons in the Ninth Congressional District of this state.

Do You Want Your Kidneys Examined On!

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this source are 72 per cent more than 50 years ago.

Anybody who suffers constant backache, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier, live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills — the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Ask your neighbor. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Maysville. Here's one:

Mrs. W. A. Schatzmann, 605 E. Second St., Maysville, says: "From the moment I have received from Doan's Kidney Pills, which I buy at J. J. Wood & Son's Drug Store, I have every reason to recommend them. When my kidneys have been irregular in action, or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure an attack."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Buffalo, N. Y.

## TWO ATTEMPT SUICIDE

WHILE HELD IN PRISON.

Salem, Ore. — Another chapter in the troubles involving Dan Goodan and an 18 year old girl whom he alleged was his wife at the time they were received at the state penitentiary here last July, was enacted within the prison when Goodan swallowed some nonpoisonous fluid with intent to end his life.

A fellow convict, who detected Goodan as he drank the fluid, notified the penitentiary officials and a physician was summoned. Antidotes were administered and the patient suffered no ill effects as the result of his act.

Goodan's attempt to take his life followed the confession of Mabel Goodan, whose true name is unknown to prison officials, in which she denied that she was married to Goodan.

It was admitted by the girl, however, that she and the convict had traveled extensively together, and had visited many sections of the Pacific coast.

The girl's confession to prison officials was followed by an attempt to commit suicide when she swallowed bichloride of mercury tablets. Prompt action on the part of the prison physician saved her life.

Cincinnati, Ohio.—Mrs. Sarah Bellis has reported an odd larceny. She said that while waiting for a street car she started to open her umbrella, when a man offered to hold her purse while she did so. She said she handed it to him and when her car came along he returned it to her. When she arrived home she found that the pocketbook had been rifled of \$142.

## LAMONTE WITH VOGEL.

Lester LaMonte, without doubt the cleverest female impersonator on the stage today, with the exception of Julian Eltinge, has been engaged for John W. Vogel's Black and White Revue, the big show of melody and mirth that comes to the Washington Theater on Christmas night. LaMonte appeared at a recent Shriners' entertainment and his impersonation was so perfect that the deception was not discovered during the entertainment. When a member of the Shrine committee called back stage to congratulate the pretty "young lady" he almost collapsed with astonishment when he saw LaMonte minus his makeup.
